"Fair Point" on Chautauqua Lake containing fifty acres of wood lands is the property of the "Chautauqua Lake Camp Meeting Association." There is one hundred and twenty five cottages built which are mostly occupied during the summer months by the owners from different parts of the country. Nine families live upon during the whole year.

INTRODUCTION

This extraction of the New York State Census for 1875 was done for the convenience of genealogists. The information herein may not be 100 percent accurate, but is our best attempt at extracting the information written 125 years ago in sometimes difficult handwriting. For example, if you find a name that begins with an L or an S, consider that it may have begun with it's opposite. There were times when we had no clue which was which, no matter how long we puzzled over the matter. We admit to altering some information when we actually knew what the family was (i.e., the Bourne family in Dunkirk), but did our best to be true to the original.

Some census takers treated us to great information—almost all maiden names given in the Town of Busti. Then, in Portland, we found minimum information—here we find only initials for all but one of the given names.

All information one expects to find may not be included herein. The 1875 census available to us did not include Marriage or Death records for the towns of Portland or Villenova. The researcher can find information in the original that was not included in this extraction, particularly in the Agricultural Statistics and Miscellaneous Statistics that follow the population schedules for each town.

The population schedule listed the county of birth if within NYS. These were given three letter abbreviations as follows:

Alb	Albany	Kin	Kings	Sch	Schoharie
All	Allegany	Lew	Lewis	Sct	Schenectady
Bro	Broome	LI	Long Island	Scy	Schuyler
Cay	Cayuga	Liv	Livingston	Sen	Seneca
Che	Chenango	Mgm	Montgomery	Ste	Steuben
Chf	Chemung	Mon	Monroe	StI	Staten Island
Chs	Chester	Nia	Niagara	SuL	At Laurence
Cli	Clinton	One	Oneida	Suf	Suffolk
Col	Columbia	Ono	Onondaga	Sul	Sullivan
Cor	Cortland	Ont	Ontario	Sus	Sussex
Del	Delaware	Ora	Orange	Tio	Tioga
Duc	Duchess	Orl	Orleans	Tom	Tompkins
Ess	Essex	Osw	Oswego	Unk	Unknown
Fra	Franklin	Ots	Otsego	Usl	Usler
Ful	Fulton	Put	Putnam	War	Warren
Gen	Genesee	Que	Queens	Was	Washington
Gre	Greene	Ren	Rensaeller	Way	Wayne
Ham	Hamilton	Ric	Richmond	Wes	Westchester
Her	Herkimer	Roc	Rockland	Wyo	Wyoming
Jef	Jefferson	Sar	Saratoga	Yat	Yates

The two letter postal abbreviations are used for states, including DC. We used the best three capital letters we could think of to designate a foreign country of birth. When there was a specific place designated such as "The Isle of Man," or "on the ocean," or even a specific village in NYS, we did our best to fit the information into the line for that individual.

If the enumerator noted the start or end of a specific area within the town, we included this at the place it was entered in the record, usually in bold-face type. Comments by the enumerator included in the record, were enclosed in quotation marks. Next

Explanation of column headings: Town & family #. Here we have used a two letter abbreviation for each town of division within that town. Each section is explained in the header for that district, therefore no list of district abbreviations is needed here. This designation is used when a search is done by CCGS on one surname and a printout results from that search. The family number was assigned by the enumerator.

There was only one district in which the enumerator kept his numbering system straight, but we have tried to number as the enumerator did, so that this work can serve as an index to the original entry. The surname is not repeated when more than one individual with that surname is listed consecutively. The given name, age/sx are all straight forward. Each enumerator used his own bias when stating relationship. We tried to use all information given, either in this column or in the information column. The column headed status replaced three boxes in the original– headed M, W, S for Married, Widowed or Single.

There were a few D's entered in the Single column (which probably meant divorced). In a few cases, the enumerator listed a place of D. The occupation was recorded as close as possible to the original. The column headed cit/izenship (actually, voter status) is indicated by the lowercase (o). The column headed information is a catch-all for anything else within the census about the individual. Included in this column is any statement of disability. There was a column in the original headed, "over 21 and cannot read or write." This was difficult to interpret as some enumerators tried to distinguish those who could read, but not write, or those who read and wrote in their native language. Where the distinction was clear, we used x in the information area for those of age who could neither read nor write. If the census taker indicated the individual could read and write, but only in their native language, this was indicated in the information column.

One column on the original schedule, seldom used, was intended to record the place of employment if not at the location where the family was enumerated. These were included on the line following other information about the individual.

This census also included a column to record whether the individual was White (w) Black (b) Mulatto (m) or Ind'n. For the few individuals designated (b) or (m) this was spelled out in the information column. We found no mark (I) here but in very few cases, Indian was spelled out in another area and is included under "info."

For any question of interpretation the researcher should use the town and family number as an index to look up the questioned entry in the original books at the Chautauqua County Court House in Mayville, NY.

Microfilm of this census can be accessed in several genealogy libraries here in the county and in major collections around the country.

Special Thanks

This project was possible through the cooperation of Chautauqua County Clerk, Sandra Sopak, and the County Records Management Coordinator, Michelle Henry. We were allowed to use microfilm produced by the Genealogical Society of Utah from the original copies of the census in the County Court House.
