Frequently Asked Questions

Why can't I see property lines?

For parcel lines to appear, you must have the Parcels layer selected (this is selected by default) AND zoom into the map to a level where the parcel lines will appear (generally 1in = 0.2mi).

How do I view orthos?

To view orthos, click the layers icon [   ], and then select the World Imagery layer.

How do I search by owner name?

Click the Property Owner Search Icon [   ], and then enter the name and click the green Apply button

I click on a parcel and I don't see the parcel information. Where is it?

If you click on a parcel and see the pop up, you might have to click the Next Page icon to view more information.
