Secretary

CHAUTAUQUA COUNTY
BOARD OF ELECTIONS
MAYVILLE, NEW YORK

January 1976

Honorable Board of County Legislators
Chautauqua County
Mayville, New York

Pursuant to the New York State Election Law, section 34, we submit the Board of Election's Annual Report for the calendar year of 1975.

Central Voter Registration, E.L. ss 355, for the purposes of the 1975 Annual Report began on December 5, 1974. This date is mandated by the New York State Legislature.

June 17th was the first day for circulating Designating Petitions. Dates for filing such petitions was between July 21st and 24th for the September 9th (Tuesday) Primary Election. As a result of such action there were Primary candidates for local and county offices. The County-wide canvass of the voting machines was completed by 5:00 p.m. on September 12th. The results was as follows for public offices:

REPUBLICAN PRIMARY:

Towns	E.D.	No. Candidates	Eligible Voters	Voted
LEGISLATIVE DISTRICT 3				
Arkwright	1	)	188	79
Hanover	7	)	2163	856
Sheridan	2	) 3	714	209
Villenova	1	)	248	42
Total			3313	1186 (35.8%)
LEGISLATIVE DISTRICT 7				
Busti	8	)	2091	960
Harmony	3	) 2	533	235
N. Harmony 1	1	)	312	152
Total			2936	1347 (45.9%)
LOCAL OFFICES				
Arkwright	1	2	188	79
Carroll	2	2	768	236
Cherry Creek	1	5	293	180
Ellington	1	2	265	105
Harmony	3	2	533	235
Kiantone	2	3	388	158
Portland	3	2	1009	303
Sherman	1	2	522	361
Total			3966	1657 (41.7%)

DEMOCRATIC PRIMARY:

LEGISLATIVE DISTRICT 10-A				
Ellicott	8	) 2	1928	694 (36%)
Kiantone	2	)		
LOCAL OFFICES				
Carroll	2	2	542	5
Dunkirk City	16	4	4545	1633
Gerry	1	7	197	0
Total	57	40	5284	1638 (30.9%)

All 132 polling places were open due to a county-wide Republican District Attorney Primary contest between Robert H. Sullivan and Paul King. There were 32,709 eligible Republican voters; 7,914 voted for a 24.3% response.

Two Party primaries occurred in 29 of the 132 Election District, thus complicating the setting up of the voting machines for 7 custodians. The Towns of Carroll and Gerry also had write-in Primary contests. This necessitated a more complex voting machine setup for the Custodians and reporting procedure for the Election Inspectors.

This Primary permitted absentee voting for the second year.

Primary Absentee Ballots sent	53	returned:	39	
Primary Permanent Physical Disability	189	"	83	
Military Ballots	1	"	1	
September 9, 1975 Primary Total:	243		123	= 50.6%
First Year (1974) Primary Total:	183		57	= 31.0%

Although this office does not in accordance with law, have anything to do with the printing of petitions, we are deluged with questions on proper ways to execute them. This office frequently receives from various individuals seeking public office, questions of procedure. It is our advice to these individuals to seek the aid of legal counsel in order to avoid any possible complexities; despite this advice office seekers are disqualified and/or resort to Court action. Only one candidate won their court case to remain on the ballot. The individual was defeated in the November Election.

These petitions are filed with the Board of Elections. Those persons on whose behalf petitions have been filed are then notified and they can accept or decline the designation. At this point, it has to be established whether or not a Primary Election would occur in any of the offices, and if so, prepare for it.

All Primary candidates were notified pursuant to E.L. ss 250a that the voting machines to be used at the Primary Election were available for inspection by the candidates or their designated representative at 7:00 p.m. on Saturday, September 6, 1975 in the polling places so designated.

For the first time this year all New York State County Boards of Election were mandated by law to obtain "unofficial" results the night of Primary and General Election (E.L. ss 214b). The county-wide results were as follows:

September 9, 1975 Primary

Election Districts	Report Time	Un-official Results: King	Sullivan
50	9:17 PM	1,577	977
55	9:20	1,793	1,177
70	9:23	2,359	1,482
110	9:37	3,660	2,819
115	9:42	3,786	3,002
132	9:55 PM Completed	4,261	3,456

This typifies the new work-loads that are placed on Boards of Elections by Federal, State and/or Court decisions. The major problem is that this office is one of the largest offices in County government with absolutely ZERO DOLLARS received from these august bodies to carry out their mandates!

The November 4th General Election presented a far greater problem in reporting the results. All 35 incoming telephone lines in both buildings were used and manned by volunteers. Ten more volunteers, plus our 12 staff members conducted running totals for all County and Legislative candidates. Seventy-three adding machines were used..... 65 borrowed and placed in the adjacent office of the Bureau of Motor Vehicles.

The election night results would not have worked if it had not been for the cooperation of ten County Departments and the services of 45 volunteers. This contrasts with election result contracts let by Erie County for $20,000, and Monroe County for $25,000.

This is the second year the State and County Board of Elections are held responsible for candidates filing financial statements. Such report forms were supplied to such candidates and political committees. The 1975 report dates were: Primary Election on August 15; September 2 & 29; General Election: October 10 & 27; and November 24th, as well as periodic reports required on January, May, and September 15th for continuing committees. To date two candidates have not complied in spite of a concerted, time consuming demands by our staff. The 1975 problem was horrendous with almost 500 candidates seeking office, compared to 16 local candidates in 1974. Candidates checklist, financial forms, law, and filing dates was distributed to candidates as well as the treasurers of their Finance Committee.

Three staff members were sent to the Albany State Board of Elections seminar dealing with the complexities of the Campaign Finance Law, and the multitude of forms associated with it. We have a filing capacity for 621 candidates and Committees.

In preparation for the Primary and General Election a School of Instructions for Election Inspectors and Alternates was held in the Hall R. Clothier Building auditorium. A total of 6 afternoon and evening classes were held from August 25th through August 27th. A total of 490 persons attended the six classes (424 Election

Inspectors and 66 Alternates). All Election Inspectors are entitled to be paid $5.00 per day and mileage at the rate of 14¢ per mile for attending such school (E.L. ss 49a 1).

A centralized school of instructions permits the use of office equipment, supplies and a voting machine. Written examinations were administered to all Election Inspectors and covered many of the recent changes in the Election Law.

The General Election was held on November 4, 1975. Hours of voting were from 6:00 A.M. to 9:00 P.M. The 1975 County total number of Registrations was 78,188 of which 12,822 were removed by legal determinations resulting in 65,366 eligible voters.

The day following the General Election this office received the election supplies which were returned from all of the 132 Election Districts, the bulk of which was received before noon. These districts utilized 153 voting machines. This represented 21 election districts in the County with more than one voting machine. This is ten less machines than the previous year.

Bi-partisan teams consisting of permanent employees began the canvass of the 153 voting machines and verification of the results as recorded by the Election Inspectors. This physical inspection was completed by Friday at 5:00 pm. At this time temporary help is needed annually to process the voluminous statistics in order that this office may certify the results within the mandated time.

Due to the time schedules mandated by the New York State Election Law, unusually heavy demands have been made on the County Printing Department by this office. For example, Election Law ss 376 mandates the printing of voter registration lists for each of the new local registered voters of October 4th and 6th.

In 1972 the U.S. District Court rendered a decision which prohibited as a voting requirement, durational residence in excess of thirty days before the November General Election. Therefore, this office has to be prepared to register all persons who will have resided at the legal address from which they seek to register for at least 30 days prior to Election Day.

Furthermore, Election Law ss 355, 149a (28), stipulates that a qualified persor could move up to and including Friday, October 24th, thus changing his address and possibly the election district. Therefore, accurate registration lists must be printed after this date. This office mandated per Election Law ss 376 (4), for the distribution of lists not less than six days prior to the day of election, Wednesday, October 29th. E.L. ss 376 (5) compels distribution of Registration Lists before the 6th day to the Secretary of State and the Attorney General.

The printer will receive in late January, data relative to the registered voters for the completion of printed enrollments (before the first of March, 1975, pursuant to E.L. ss 377). Our efforts to process this data is impeded by E.L. ss 186

which states that we cannot open the entire years' enrollment until the Tuesday following the General Election, and the process must be completed before the first day of February of the succeeding year.

The use of temporary employees for each of the twelve months of the year is due to the continually expanding normal and varying peak work loads. The summer Intern Program provided us with four employees during the summer. These people were involved with regular office work, field voter registration, and upgrading the election maps for Chautauqua County. It is unbelievable how many people can neither tell north from south, nor locate their road on a map!

Concomitant with Sec. 377 of the Election Law, ss 405 mandates a Purge List begun in the second week in December and be completed not later than the third week in the succeeding January. All permanent records and data related to the more than 65,366 enrolled voters have to be individually examined to verify if the registrant has voted at least once in a General Election during the past two years. All those that have not must be notified by mail - 4,775 individuals this year compared to 12,179 in 1974; 4,471 in 1973 of the impending cancellation of their status as a registered voter unless they fill out, sign and return the re-instatement request form within three weeks of the post mark on the notification. After this three week interval the newly compiled list of registered and enrolled voters is then sent to the printer, pursuant to E.L. ss 377 in conjunction with the need of Section 191, sub. 1-a concerning Spring Primaries.

Registration records under Section 381 and 516 of the Election Law are used for Village and School District elections. Election Law ss 516 (6a) states, if such village does not require Permanent Personal Registration, they (Village Inspectors of Elections) shall adopt or copy such names from the registration lists certified and supplied by the County Board of Elections to the extent applicable.

Since September 1, 1973 all 15 County Village Elections are conducted under Article 17 of the Election Law. Each Village Clerk is the Election Officer (E.L. ss 522 for these March elections. However, the Board of Elections is involved by supplying voter registration lists; publishing Village Election calendars; canvassing voting machines upon request; and such Election Law and procedures as are requested. Individuals who are registered with the Board of Elections under P.P.R. are automatically qualified to vote in Village elections. Conversely, an individual who registers to vote under the Village registration system is NOT automatically qualified to vote in a November General Election. This person must personally register again under P.P.R. or use the newly enacted mail registration in order to vote in a November General Election. Thus many village residents are confused and disenfranchised by this dual system.

At least 8 months (March 4th) before the General Election, each County, City, Village, and Town Clerk, pursuant to E.L. ss 149-a, Sub. 30, shall make and transmit to the Board of Elections, a certificate stating each County, City, Village, and Town officer respectively, to be voted on at the General Election, including any local proposition or question known to such officer at the time of issuance of the certificate. If any officer is to be elected to fill a vacancy the Certificate shall so state. Within the above time period the Secretary of State shall make and transmit to the Board of Elections, a certificate stating each office above County level which lawfully may be voted for at the Election. A similar requirement by E.L. ss 67 is required 3 months before the General Election.

The concentration of such information in our office generates many inquiries throughout the year concerning Election Law, Petitions, Party Caucus, Primaries, General Elections, A.B.C. local option, Referendum, Special Elections, School Board Elections, Fire Districts, etc.

This office has now completed our fourth annual voter registration drive within the High Schools of Chautauqua County and other areas. Positive response to this effort is shown in the figures shown below which gives a four year total for comparison. Such registrants are informed of Absentee Voting, Impending School Board Electior Primaries, Special Elections, and the November General Election.

Voter registration in the field is conducted by our permanent staff and temporary help which we use to train many Election Inspectors. The results were as follows:

			1975	1974	1973	1972
	May 1	Sherman	46	44	51	0
	2	Chautauqua	18	23	14	0
	5	Westfield	77	78	80	0
	6	Panama	55	46	48	65
	7	Ripley	35	34	36	0
	8	Mayville	51	29	37	56
	9	Brocton	42	39	15	21
	12	Cardinal Mindzenty	47	37	35	65
	13	Falconer	108	80	96	136
	14	Jamestown	270	266	319	259
	15	Southwestern	127	108	112	150
	16	Clymer	43	26	47	0
	19	Dunkirk	159	145	181	242
	20	Fredonia	148	72	133	150
	21	Maple Grove	83	72	87	112
	22	Silver Creek	76	74	71	118
	23	Pine Valley	28	26	35	0
	27	Cassadaga	66	51	76	93
	28	Frewsburg	64	50	77	0
	29	Forestville	57	39	50	51
	June 2	BOCES - Fredonia	37	31	18	0
	3	BOCES - Ashville	57	14	25	0
July	21 - 25	County Fair	24	77	296	375
Aug.	13 - 16	Chautauqua Mall	201	-	353	857
	Aug. 29	Jamestown City Hall	104	-	328	1041
	Total Field Registration:		2023	1461	2620	3791

The Central Registration figure of 3,079 plus the two day Local Registration of 5,094 placed a total of 71,457 registrant's names on our rolls. Change of Enrollment requests were 211 compared to 133 in 1974.

E.L. ss 394 states the Board of Elections, not less than 15 days nor more than 30 days before the first day of Local Registration (October 4th) shall conduct a Mail Check of every registered voter. This entails processing 71,477 letters to the 132 Election Districts and notifying the registrant that such communication is a routine check to ascertain whether such voter still resides at this address. Within one week after the conclusion of Local Registration the Board of Elections shall send similar communication (8,173) letters to every voter registered in such Local Registration period.

At this point, pursuant to the Election Law, Sec. 331 sub. 3, this Board calls upon law enforcement agencies to investigate questionable declared and actual voter residency.

Whenever such communication is returned as undeliverable, the Board of Elections forthwith shall proceed in accordance with the powers granted to it by E.L. ss 406 to determine whether such registration of the affected person shall be cancelled. This Board received 5,437 letters in 1970; 4,121 letters in 1971; 2,949 in 1972; and 3,000+ as undeliverable in 1973 and 1974. Such legal determinations were made and verified in the 20 days prior to Election Day on November 4th. In addition, this office issued 269 (148 voted) Military and Military dependents ballots compared to 369, 395, and 1,006 from the three previous years.

Absentee ballots issued were 1,391 (1,164 voted), compared to 1,391 in 1974 1,075 in 1973, and 2,727 in the 1972 Presidential Election and 1,439 in the 1971 Election. Permanent physical disability voters totaled 342 (24 newly added in 1975) with 257 voting, pursuant to E.L. 117-a (3a). The total requests of military, absentee, and physical disability voters was 2,002 (1,569 voted) compared to 2,058 in 1974, and 1,745 in 1973.

This office is in reality, an office of vital statistics of the most current information available on a county-wide basis. Each and every month pursuant to Section 397 sub. 1, this office receives from the public recording officers of the 15 villages, 27 towns, and 2 cities, the deaths in their respective areas in order that we may remove the deceased person from the current registration list. The number of cancelled voters due to deaths was 656 compared to 600 in 1974 and 643 in 1973; moving etc., came to 12,822; 4,846 for the year 1974 (4,196 in 1973). The continual updating of names and addresses as mandated by the Election Law, of Chautauqua County residents in our office results in many requests for information from the Courts, FBI , Social Security Administration, attorneys, private agencies, and individuals.

This office is one source of names and addresses to the Federal and County Courts for use as potential jurors. In fact, this office provides many such services for several County Departments.

On December 1, 1975 Registration and Enrollment by mail first went into effect. This portion of E.L. ss.153 was enacted by Chapter 166, Laws of 1975.

This office ordered 10,000 new forms trying to anticipate its usage. Cattaraugus County ordered 50,000 and Erie County 50,000, plus 45,000 more for later delivery. Also we ordered an additional 500 forms in Spanish and 5,000 Transfer of Registration and Enrollment forms. In order to facilitate voter registration these forms are now available at the Clerk's office of the two cities, 15 villages, and 27 towns. Voter registration by mail is now legal in 15 states containing 41 per cent of the nation's potential voters.

The re-opening of Central Registration began on December 5, 1975. Although this date is after the December 1st mail registration date no known problems developed.

There is a tendency to decentralize government in Chautauqua County by establishing branch offices in the Dunkirk and Jamestown areas. Census figures reveal that within a ten mile radius of Dunkirk and Jamestown 80 percent of the population reside.

Government exists to serve its constituents. The establishing of branch automobile license offices is such an example. This office believes in the establishing of Board of Elections branch offices in the Dunkirk and Jamestown areas.

Respectfully submitted,

George F. Caccamise
