BOARD OF ELECTIONS
MAYVILLE, NEW YORK

January 1979

Honorable Board of County Legislators
Chautauqua County
Mayville, New York

State Board of Elections
Albany, New York

Pursuant to the New York State E.L. ss 3-212 and ss 15.09 of the Chautauqua County Administrative Code, we submit the Board of Election's Annual Report for the calendar year of 1978.

The political year began with Central Voter Registration, (E.L. ss 5-200) for the purposes of the 1978 Annual Report on Thursday, December 9, 1977. Due to 1977 budgetary restrictions \$12,186.96 in bills were paid from the 1978 budget. Few people realize that our county is the 16th largest of the 57 counties located outside of New York City.

Concomitant with E.L. ss 400, ss 5-406 mandates a Purge List begin in the second week in December and be completed not later than the third week in the succeeding January. All permanent records and data related to the more than 71,005 enrolled voters have to be individually examined to verify if the registrant has voted at least once in a General Election during the past two years. All those that have not, must be notified by mail.

DEC. :	1978	1977	1976	1975	1974	1973
PURGED:	11,007	4,160	4,363	4,775	12,179	4,471

The cancellation of these registered voters occurs when they fail to fill out, sign and return the re-instatement request form within three weeks of the postmark on the notification. After this three-week interval, the newly compiled list of Registered and Enrolled Voters is then sent to the printer, pursuant to E.L. ss 5-604 in conjunction with the need of E.L. ss 8-100 concerning Primary Elections. Such lists must be printed prior to the First of March in which there is a Spring Primary. Our efforts to process this data is impeded by E.L. ss 5-302(4) which states that we cannot open the entire year's enrollment until the Tuesday following the General Election, and the process must be completed not later than the 30th day preceding the last day to publish enrollment lists. Registration records under E.L. ss 5-612 and 15-118 are used for Village and School District Elections. Election Law ss 15-118 states, if such village does not require Permanent Personal Registration, they (Village Inspectors of Elections) shall adopt or copy such names from the registration lists certified and supplied by the County Board of Elections to the extent applicable. Unfortunately only 3 villages, i.e., Celoron, Fredonia, and Lakewood village lines conform to the

Town Election Districts. Thus the inspectors in the other 12 villages must be sufficiently knowledgeable where the legal village/town lines are in order to extract the registrants.

Fourteen villages had Registration on March 4 (Fredonia, February 25).

The village Election Day was on March 21 with the exception of Fredonia, March 13.

Village candidates for office had this schedule:

January 17	First day to sign Independent Petitions	<u>Fredonia Only</u> January 9
January 24	First day to hold a Party Caucus	January 15
January 31	Last day to hold a Party Caucus	January 23
February 28	Last day to file Independent Petitions	February 20

Furthermore, any qualified elector may register centrally or by mail until 10 days before (E.L. ss 5-200) an election, i.e., March 6 or Fredonia on February 26. This office must then forward those village registrants to such clerks immediately for the March election.

Since September 1, 1973, all 15 County Village Elections are conducted under Article 15 (formerly Article 17). The Election Officer is the Village Clerk (E.L. ss 15-124). In addition to supplying voter registration lists, the Board of Elections is involved by publishing Village Election Calendars; supplying information of office and vacancies up for election (E.L. ss 4-106); canvassing voting machines upon candidate request E.L. ss 15-126(2) and such Election Law and procedures as are germane.

Individuals who are registered with the Board of Elections under P.P.R. are automatically qualified to vote in Village elections. Conversely, an individual who registers to vote under the Village and School registration system is NOT automatically qualified to vote in a November General Election. This person must personally register again under P.P.R. or use mail registration forms in order to vote in a November General Election. Thus, many village residents and school voters are confused and disenfranchised by this dual system when they attempt to vote in a November Election.

At least 8 months before the General Election, each County, City, Village, and Town Clerk, pursuant to E.L. ss 4-106, shall make and transmit to the Board of Elections a certificate stating each County, City, Village, and Town Officer respectively, to be voted on at the General Election. Within 3 days after the occurrence of any vacancy in an office required to be filled at the next General Election, such clerk shall file with the County Board of Elections a certificate indicating the occurrence of the vacancy and the position which is to be filled. A vacancy occurring before September 20th of any year must be on the November

Ballot (P.O.L. ss 42) that year.

Any proposal, proposition or referendum as provided by law that is to be submitted to a vote of the people shall be transmitted to the Board of Elections (E.L. ss 4-108(b)) at least 29 days prior to the Election by the Clerk of a County, City, Town or special district.

The concentration of such information in our office generates many inquiries throughout the year concerning Election Law, Petitions, Party Caucus, Primaries, General Elections, A.B.C. local option, Referendum, Special Elections, School Board Elections, Fire Districts; June State, National and September Judicial designating Conventions.

This office has now completed our seventh annual voter registration drive within the high schools of Chautauqua County and other areas. Positive response to this effort is shown in the figures below which give a seven-year total for comparison. Such registrants are informed of enrollment, absentee voting, impending School Board Elections, Primaries, special elections and the November General Election.

High school voter registration and field registration is conducted by our permanent staff and temporary help which we use to train many Election Inspectors. The results were as follows:

June 20th was the first day for circulating Designating Petitions. Dates for filing such petitions were between July 24th and 27th for the September 12th (Tuesday) Primary Election, Noon- 9:00 P.M. As a result of such action there were Primary candidates for State and County offices. The canvass of the voting machines was completed by 5:00 P.M. on Friday, September 15, 1978. Four Party Primaries occurred in all 20 Election Districts of the 149th A.D. The Liberal Party had filed a petition for opportunity to ballot (write-in a candidate) in addition to the regular Liberal candidate. This considerably complicated the voting machine set-up for 10 custodians and 80 Election Inspector's report tally. Three Party Primaries were conducted in the remaining 112 Election Districts.

Four Party Voter's Turnout was as follows:

<u>DEMOCRATIC PRIMARY:</u>					<u>REPUBLICAN PRIMARY:</u>

The schedule of dates for filing Primary financial statements for candidates and Committees were:

<u>Filing Date</u>	<u>Cut-Off Date</u>	<u>Report Period</u>
August 11 (Friday)	August 7 (Monday)	32 Day Pre-Primary Report
September 1 (Friday)	August 28 (Monday)	11 Day Pre-Primary Report
October 10 (Tuesday)*	October 5 (Thursday)	27 Day Post-Primary Report

* This date moved forward one day as a result of Monday, October 9, being the observance of Columbus Day.

This is the fifth year that the State and County Board of Elections are held responsible for candidates filing financial statements. We have a filing capacity for 621 candidates and committees.

Although this office does not, in accordance with law, have anything to do with the printing of petitions, we are deluged with questions on proper ways to execute them. This office frequently receives from various individuals seeking public office questions of procedure. It is our advice to these individuals to seek the aid of legal counsel in order to avoid any possible complexities; despite this advice office seekers are disqualified and/or resort to Court action after the fact!

Most petitions and Certificates of Nomination are filed with the Board of Elections. Those persons on whose behalf petitions have been filed are then notified and they can accept or decline the designation. At this point it has to be established whether or not a Primary Election would occur in any of the offices and, if so, prepare for it.

There were several "off-year" local elections. All Republican nominations for Town offices are by petition except Villenova. The Democratic Party designates by petition and the caucus method. The local offices this year for all parties and the method of the Democratic Party nomination are as follows:

* BY PETITION	CAUCUS METHOD
* Cherry Creek.....Council	Chautauqua.....Assessor
* Ellicott.....Council	Pomfret.....Town Justice &
* Mina.....Council &	Highway Superintendent

The Board of Elections administered the Oath of Office to the Election Inspectors of Jamestown and Dunkirk on July 11, in their respective City Halls, between the hours of 10:00 A.M. and 3:00 P.M. A total of 204 Election Inspectors were eligible to take the Oath of Office. The number signing their oaths were:

Jamestown - 79 and Dunkirk - 49.

In preparation for the Primary and General Election a School of Instruction for Election Inspectors and Alternates was held in the Hall Clothier Building auditorium. A total of 6 afternoon and evening classes were held with a total of 474 persons attending.

ELECTION INSPECTORS				ALTERNATES
	Aug. 28 Monday	Aug. 29 Tuesday	Aug. 30 Wednesday	3 Day Total
1:30 Class	76	111	86	39
7:30 Class	20	50	60	32
Total	96	161	146	71

All Election Inspectors and Alternates are entitled to be paid \$5.00 per day and mileage not to exceed the rate approved by their respective municipality for attending such school (E.L. ss 3-412, 3-420).

A centralized school of instructions permits the use of office equipment, supplies, and voting machine. Written examinations were administered to all of these inspectors and covered many of the recent changes in the Election Law.

This is the fourth year that all N.Y.S. County Board of Elections were mandated by law to obtain "unofficial" results (E.L. ss 9-126). The night of Primary Election completed report time is as follows for the September Primary:

Election Districts:	Report Time		
	<u>Sept. 12, 1978</u>	<u>Sept. 14, 1976</u>	<u>Sept. 9, 1975</u>

This is the sixth Primary Election that permitted absentee voting since enactment in 1974. One Federal Voter Ballot was sent but was not returned.

\$285.00	Canvass Sheets
\$375.00	Absentee Ballots (1000)
<u>\$1,235.00</u>	Total Printer's Cost

The expansion of services and costs that are placed on Board of Elections by Federal, State and/or Court decisions is a major problem. This office is one of the largest offices in County Government that receive absolutely ZERO DOLLARS to carry out the mandates of these august bodies.

Voter participation was down from previous years as part of a nation-wide trend.

This lower interest is evident also in these categories for various ballots issued in November for several years:

The day following the General Election this office received the election supplies which were returned from all of the 132 Election Districts, the bulk of which was received before noon.

Traveling bi-partisan teams consisting of permanent employees began the canvass of the 155 voting machines and verification of the results as recorded by the Election Inspectors. This physical inspection was completed by the following Friday at 5:00 P.M. At this time temporary help is needed annually to process the voluminous statistics in order that this office may certify the results within the mandated time. Certified copies of Election results were finished on November 17, and mailed (E.L. ss 9-214) prior to the (25 day) deadline of December 2, 1978. The various offices were to be filed with the State Board of Elections, Attorney-General and Secretary of State.

This office has just completed its first year under Recodification of the Election Law Chapter 233 Laws of 1976 with the effective date being December 1, 1977.

The mailing of purge cards to individuals due to their not voting during the past two years, was completed on December 18, 1978.

The purge statistics reveal:

	Whole #	Republican	Democrat	Others
Dunkirk	1,006	204	565	237
Jamestown	2,423	801	1,190	432
Towns	7,579	2,940	2,900	1,739
County Total	11,008	3,945	4,655	2,408

Election Law section 5-712 states the Board of Elections, not less than 15 days nor more than 30 days before the first day before the first day of Local Registration (October 14) shall conduct a Mail Check of every registered voter. This entails processing 71,005 letters to the 132 Election Districts, printing 132 different letters, and notifying the registrants that such communication is a routine check to ascertain whether such voter still resides at this address. Within one week after the conclusion of Local Registration, Oct. 14, the Board of Elections shall send a similar communication 1,312 letters to every voter registered in such Local Registration period. The postage costs amounted to \$10,847.55 for these mailings.

At this point, pursuant to the E.L. ss 16-108(5), this Board calls upon law enforcement agencies to investigate questionable declared and actual voter residency.

Whenever such communication is returned as undeliverable, the Board of Elections forthwith shall proceed in accordance with the powers granted to it by E.L. ss 5-402, 5-404, 5-400 to determine whether such registration of the affected person shall be cancelled. Such legal determinations were made and verified prior to Election Day on November 7th.

This is the fourth year all New York State Boards of Election are mandated by Law to obtain "unofficial" results the night of Primary and General Elections, (E.L. ss 9-126 (2B)).

The November 7th, Election required the use of 63 electric adding machines "borrowed" from various departments within the County Court House. Our staff of twelve was augmented by 10 volunteers, in addition to seven Mayville High School students. Twenty-five telephones were used to receive the unofficial results.

Another result of the Election was the establishment of a fifth legal political party. The names, symbols and the sequence on the voting machine are:

DEMOCRATIC

REPUBLICAN

CONSERVATIVE

RIGHT TO LIFE

LIBERAL

This office is in reality, an office of vital statistics of the most current information available on a county-wide basis. Each and every month pursuant to E.L. ss 5-400, 5-708, this office receives from the public recording officers of the 15 villages, 27 towns, and 2 cities, the deaths in their respective areas in order that we may remove the deceased person from the current registration list. The continual updating of names and addresses as mandated by the Election Law of Chautauqua County residents in our office results in many requests for information from the Courts, FBI, Social Security Administration, attorneys, private agencies, and individuals.

Contrary to common belief, this office is not the only source of names to Federal and County Courts for use as potential jurors. In fact, this office provides many such services for several County Departments.

On December 1, 1975, Registration and Enrollment by mail first went into effect. In order to facilitate voter registration these forms are now available at the Clerk's office of the two cities, 15 villages, and 27 towns. This office received and processed 726 new mail registration forms during the 1978 Registration and Enrollment year.

Many units of County Government have decentralized by establishing branch offices in the Dunkirk and Jamestown areas. Census figures reveal that more than 80% of the County population resides within a ten mile radius of both cities. Government exists to serve its constituents and this offices believes the Board of Elections should establish such branch offices.
